**HONOR ROLL**  
YEARS  
ON THE LIST

Dr. McInerney | 1  
Dr. Scillia | 1

## Vincent K. McInerney, MD | Anthony J. Scillia, MD

At the New Jersey Orthopaedic Institute, practice founder Dr. Vincent McInerney and Dr. Anthony Scillia utilize cutting-edge orthopedic and sports medicine treatments, including minimally invasive arthroscopic and robotic surgery, for injuries incurred by both athletes and non-athletes. "We take care of athletes but also the whole family, from cartilage restoration in the pediatric population to joint replacement in adult patients," said Dr. Scillia.

The doctors, along with their colleagues Drs. John Callaghan, Anthony Festa, Robert Palacios, Casey Pierce and Craig Wright, are team physicians for 16 local high schools, Seton Hall University, Montclair State University and the New Jersey Jackals baseball team.

Dr. McInerney, a board-certified orthopedic surgeon with a subspecialty in sports medicine, places a strong emphasis on preventing injuries. "We look at how we can cut down on injuries, particularly related to ACL tears,

knees, shoulder and elbows," he says. "We were also one of the first practices in New Jersey to offer minimally invasive surgeries for sports-related injuries."

Dr. Scillia, also a board-certified orthopedic surgeon with a subspecialty in sports medicine, focuses on joint preservation of the shoulder, elbow, hip, and knee, and has a special interest in biologics, including the use of stem cells.

**HOSPITAL AFFILIATIONS:** Morristown Medical Center; Saint Barnabas Medical Center, Livingston; St. Joseph's University Medical Center, Paterson; Elite Surgical Center, Wayne.

**MEDICAL TRAINING:** Dr. McInerney: UMDNJ (MD), Massachusetts General Hospital/Harvard Medical School (fellowship). Dr. Scillia: UMDNJ (MD), American Sports Medicine Institute, Alabama (fellowship).
